RapidTM 2009

The Most Comprehensive Institute Management Software

School Management Application Software has **27 modules**, which cover each and every aspect of your institute. However, we can also add more modules and customize the existing ones according to your requirement.

Due to large number of students, and double the number of parents tracking them, it is very difficult to manage an institute manually. Our **low cost school software** helps to avoid errors and make quick decisions for principal and management. Most of our users have recovered their cost of software within few months of purchase.

- **Advanta Rapid 2009** is one of the most Reliable, Affordable and User-friendly School Management Software, School Administration Software, College Administration Software and Institute Management System.
- The design of **Advanta Rapid 2009** is **simple and user-friendly**, so that all types of users can use it easily & with minimum effort. This is the only one software that you need for managing your whole institute.

School Management Software helps you to easily manage various entities of your **Educational Institute** like Staff, Teachers, Management, Accounts, Financial Department, Students, Parents, Inventory, Shop, Stationary and Library etc.

Contact us for a free demonstration at your institute, college or school. We are 100% sure that you will be impressed by its features, flexibility and ease of use.
